

The Electronics Stewardship Association of British Columbia - ESABC (www.electronicsrecyclingBC.ca) is a not-for-profit corporation established by electronics manufacturers, retailers, and other industry stakeholders in response to the province's Recycling Regulation. This newly formed product stewardship organization collects, transports and responsibly recycles waste electronics across the province.

Reporting to the ESABC Board of Directors, the Executive Director will oversee program operations as carried out by the program manager. The Executive Director will manage meetings of the Board of Directors, maintain ESABC records and coordinate ESABC activities and events. The position is expected to require up to 3 days per week and is based in British Columbia.

Ideal applicants would possess the following attributes:

- Proven track record in government and public relations
- Experience in dealing with industry groups;
- Strong managerial and organizational skills;
- Experience working with Boards of Directors;
- Corporate governance experience;
- Knowledge of key local environmental issues, and;
- Familiarity with the electronics industry and electronics recycling issues.

Please apply with a resume and covering letter by **September 28, 2007** to info@electronicsrecyclingBC.ca
